Namaste,

MEssages

On behalf of NBE I express my gratitude to all teachers on teacher's day and heartily celebrating the day of true builders of the nation's health care system.

"If you are a teaching in whatever capacity you have a very special role to play because more than anybody else, it is you who are shaping the future generations".

Teachers day is celebrated all across India every year on 5th of September to pay tribute to the teachers and their previous contributions to the to the society. There is a great reason behind this celebration of teachers Day. In fact, 5th September is the birthday of our former president Dr. Sarvepalli Radhakrishnan. We take pride in the thoughts and teaching of this guru. Just as a country is as good as its people. So, its citizens are only as good as their teachers. Therefore, a great deal depends upon you teachers, and I salute you all for you passion, dedication, commitment and contribution.

As medical educators have a fundamental role in teaching and clearly could play an important role in conducting pedagogical research studies. Such studies will be the first step in improving teaching and learning practices, evaluating educational programs and generating and testing educational theories. These paradigms will ultimately shape the quality of medicine in long run.

"Good judgement comes from experiences and experiences come from bad judgement". The art of teaching is a continuous quality improvement learning process. Teaching is more than a cocktail recipe of stereotype skill. It is an essence of being a doctor at heart. A good teacher is a one who plays an effective role of a facilitator in training students to set their goals and in providing them a compass value along with education to guide them towards their goal. A medical teacher has a social contract to train the best "medical faculties" possible and this good teaching should be nurtured, encouraged, cherished and rewarded.

"a teacher's purpose is not to create students of his own image but to develop students create their own image. Here, I wish you all faculties a Very Happy Teachers Day.

May the God be with all of you.

Thank you.

With Regards,

Abhijat Sheth

Message

The Association for National Board-Accredited Institutions (ANBAI) is an apex organization of leading hospitals and medical institutions in India that are accredited by the National Board of Examinations (NBE), which administers the prestigious Diplomate National Board (DNB) and Fellow National Board (FNB) Programmes.

The NBE is an autonomous organization established to promote and improve post-graduate medical education. Currently, the NBE conducts specialty and super-specialty training programs in about 68 disciplines in approximately 450 accredited institutions spread across the country. From the time of its inception, NBE has been an important contributor to post-graduate and specialization training in the country, and has successfully harnessed the capacity and capabilities of non-MCI recognized institutions, with over 40,000 DNB students and FNB fellows having passed out to date, besides creating a benchmark for medical excellence.

NBE and ANBAI have been working closely on issues surrounding medical education in India over the past six years.

In the past, NBE has instituted national awards to honour the contributions made by eminent medical teachers/professionals and institutions/hospitals to further the cause of medical education quality and excellence in the country. This year, the event is being organized by ANBAI as per NBE's guidelines, and the awardees have been selected by an eminent jury.

Teachers play a crucial role in shaping the future of the students, especially in a highly-specialized field such as medicine. A dedicated, trained faculty can certainly contribute to the quality of the students in the healthcare sector, thus improving the delivery and quality of care for all citizens. Unfortunately, there is an acute shortage of high-calibre medical teachers in the country. ANBAI has recommended to the Ministry of Health and Family Welfare that a teachers' accreditation committee be set up for the accreditation of teachers not only from MCI and NBE, but also those in the private sector. This will contribute to an increase in the number of teachers while maintaining their quality standards.

ANBAI recognizes the important role played by teachers in the medical profession and wishes them all the very best in their noble endeavour to positively impact healthcare in the country.

With Regards

Dr. Alexander Thomas
President ANBAI

Message

Learning is the most enjoyable and gratifying part of journey of life. Some experiences prove to be lesson for life while others take us through a pre planned and structured curriculum and help us build our profession and peruse our passion.

NBE and ANBAI have initiated many projects for the betterment of DNB faculty and students. In the last six years, ANBAI has initiated and supported many initiatives to improve the landscape of national health sector. It has also liased with government officials and ministers about the Medical Council of India recommendations regarding teachers eligibility qualification and the status of DNB qualification.

Teachers are integral part of the entire education system. Teachers impart knowledge and motivate the students in the right direction, enlighten them and create responsible citizens and good human beings. They are the cornerstone of our future. Teachers Day is an occasion to pay reverence to the teachers and convey to them that they hold special respect in our hearts. Celebrating Teachers Day is fairly popular in several countries across the globe and acknowledged by UNESCO

On the occasion of teachers day I congratulate all teachers and faculty members across the board for their whole hearted and unconditional contribution towards the profession and giving us all a purpose of life.

Warm Regards

Dr. H.S.Chhabra
Secretary, ANBAI

Message

It's a great pleasure and privilege to be born in a country where the tradition of teacher and student was probably started first time in the world in great learning institute of Nalanda University. Ever since, India has been leading the world in 'Guru - Shishaya' relationship in which it is a complete faith and understanding between each other. The great Indian scriptures are a testimony of this complete synergy between the taught and the teacher. Without it the scriptures would not have evolved over several centuries.

The health of the nation is dependent on the quality of medical education which determines the standard of the future doctors in the country. All of us are united in the concept that a developing nation like India can scarcely afford high mortality and disability that results from poor quality medical services. We are fortunate that India has the highest number of good quality medical teachers in the world. The proof is that health services of several countries of the world have Doctor faculty of Indian origin.

On this occasion of Teachers day celebrations I salute all the teachers of the world who carry out this noble tradition for the betterment of the humanity.

With best regards

A handwritten signature in blue ink, appearing to read 'S. Rajasekaran', written over a light blue horizontal line.

Prof. S. Rajasekaran

M.S. DNB, FRC (Ed), M. Ch (Liv), FACS, FRCS (Eng), Ph.D

President Elect - ANBAI

Message

It's my proud privilege to greet and wish you on this memorable occasion of "Teacher's Day " celebrations on behalf of ANBAI and the Organizing committee of this awards ceremony.

We deeply value and respect our teachers and sincerely appreciate their commitment for teaching and being crusaders of quality medical education. No doubt, teaching is one of the noblest professions in the world and I personally believe that there is no substitute to quality education because it will change the lives of thousands of individuals and their families forever. More importantly, it is most crucial to the growth of a developing nation like ours.

This is first year that ANBAI is organising the honouring of the " Distinguished DNB teachers and Institutions in various categories as per the traditions of NBE (National Board of Examinations).

Following awards will be conferred on this occasion:

1. Emeritus Teacher Award
2. Eminent NBE Alumnus Award
3. Distinguished DNB Teacher(s) of Excellence Award
4. Excellence in Teaching for DNB Program- NBE Accredited Hospital
5. Scroll of Honour- NBE Accredited Hospital

ANBAI is recognised for its contribution to the Medical education through DNB programme and ably supported by NBE . We would like to make this event very memorable to our beloved teachers and institutions who have participated in making DNB a very sustainable and a respectable medical educational programme in our country.

I would like to thank all the members of my organizing committee and honourable members of Jury for supporting this event and especially NBE for their guidance, encouragement and involvement for success of this programme.

Once again, I would like to wish each one of you a Happy Teacher's Day. May God bless you to achieve greater personal and professional growths in the years to come.

Best Regards,

Dr. Nagendra Swamy

Chairperson- Organizing Committee
President – Karnataka Chapter, ANBAI

Awards for Excellence in Post Graduate Medical Education

ANBAI

The Association for National Board-Accredited Institutions (ANBAI) is an apex organization of the leading hospitals and medical institutions in India that are accredited by the National Board of Examinations (NBE). ANBAI and NBE have worked closely for the last six years in the pursuit of medical excellence.

ANBAI was born with the aim of uniting accredited institutions in order to catalyse their energies toward developing better teaching programs, and to present a credible and united front to solve problems. The main focus of the association is to improve camaraderie and encourage partnership between its member institutions towards achieving excellence. The association also provides a forum for innovative ideas in post-graduate medical teaching and to raise the standards of Indian students to an international level. Today, ANBAI is a network connecting NBE teaching hospitals in India through several state chapters across the country in Delhi, Tamil Nadu, Andhra Pradesh, Telangana, Karnataka, Kerala, Maharashtra, West Bengal, and the North-Eastern states.

ANBAI and NBE have worked together on several projects successfully: increasing the number of

L-R: Dr. Girdhar Gyani, Director-General - AHPI, Dr. Alexander Thomas, President - AHPI, Shri JP Nadda, Minister for Health and Family Welfare - GOI, Dr. Abhijat Sheth, President - NBE.

examiners and inspectors in NBE hospitals; increasing accreditation validity from three years to four; and resolving problems between institutions and students through ANBAI. Exam result rates have improved without any compromise on quality. ANBAI and NBE made a strong case for equivalence between the Post Graduate medical degrees provided by MCI-recognized institutions, and the Diplomate of National Board (DNB) by NBE. The Medical Council of India granted equivalence in 2012,

subject to certain criteria. The current confusion regarding equivalence has been discussed with the authorities and is being followed up. The government is, however, clear that the GoI notification of 2012 still stands.

NBE and ANBAI have initiated many projects for the betterment of DNB faculty and students. The NBE faculty have been trained in healthcare communication and quality in health, two crucial areas which do not have a place in the present medical curriculum. ANBAI is on the NBE-UNESCO Steering Committee on Teaching of Bioethics in PG Medical Education and on the Uniform Learning Resources Committee of the NBE. ANBAI has contributed to the effort to introduce NBE post-graduate programs into district hospitals in Karnataka. The NBE annual conferences provide opportunities for ANBAI members to interact with officials and deepen their connections. The partnership between NBE and ANBAI today is characterized by collaboration and strength in teamwork for the benefit of the health sector in our country.

When the Indian Government introduced the National Commission for Human Resources for Health (NCHRH) Bill, both NBE and ANBAI agreed that the bill, as presented, would be detrimental to the health sector, and decided to join forces to prevent it. ANBAI also lobbied with the authorities including the Parliamentary Standing Committee on Health and Family Welfare. Together, NBE and ANBAI achieved

what they had set out to accomplish: the Bill is on hold pending modifications.

The ANBAI Governing Council has approved the formation of a DNB Alumni Advisory Committee, which will represent the NBE qualified specialists all over India. It is important for us to harness such resources of talent as this will further our aim of strengthening the health sector in our country.

Teacher's Day Awards 2017 "Eminent NBE Alumnus Award"

**DCH, MD(PEDS),
DNB, MRCP(UK)**

Dr. S Thangavelu

- DNB Examinership - 2014,15,16,17
- DNB Examination coordinator for Mehta multispecialty hospital, Chennai
- PG faculty & thesis guide for DNB students since 2009
- Conducting regular DNB Clinical and OSCE
- Orientation course at Mehta hospital. Exam going students attended and benefitted
- E-learning lectures for DNB students across India, through DNE e-learning link - chest X-ray & ECG Interpretation
- Inspector for accreditation for DNB pediatrics & FNB Critical care in 2016 and 2017

Dr. Venkatraman Bhat

- DNB Radiology- Program Director
- Examiner for DNB Radiology, National Board
- Teacher Arab Board Radiology, HMC, Doha Qatar- 10 years
- Academic Excellence awards from Kuwait Institute of medical sciences
- Service Excellence Award-HMC Doha

**MBBS MD,
MNAMS, FRCR**

**MD(PEDS), DNB(PEDS),
FELLOWSHIP IN
PEDIATRIC CRITICAL
CARE**

Dr. Farhan A Rashid Shaikh

- Key member who started DNB pediatrics at Rainbow Children's hospital in 2005
- Was the DNB coordinator and took care of the needs of all DNB students at the hospital
- Course Director for FNB Pediatric critical care
- Has been an external examiner in the same for Maulana Azad Medical College
- Has been involved in evaluation of answer sheets of FNB pediatric critical care students during their formative assessment exams

Teacher's Day Awards 2017

"Emeritus Teacher Award"

Dr. Gift Norman

- Subject expert for accreditation of hospitals in India for DNB program in Community Medicine and Family Medicine at Baptist Hospital
- Examiner National Board of Examinations (NBE) for DNB Family Medicine and Community Medicine
- Developed training modules in Community Based Rehabilitation, Community Prevention of Impairment and Disability, Community Diabetes Prevention and Management, IEC and TB/HIV
- Co-ordinated a number of training programs in leprosy for Govt./ NGO personnel from various levels – field staff (Village Health Nurses), supervisory staff, therapists, technicians, nurses and doctors

**MBBS, MD,
PG Diploma in Health
Service Management**

MBBS, DMRE, MD

Dr. Harshad Shah

- Post graduate teacher for D.N.B. since 1996, currently at C. V. Shah Medical College
- Trained more than 300 PG students, examiner in post graduate examinations in more than 50 colleges and universities since 38 years
- So far examined more than 1000 students, including AIIMS, PGIMER Chandigarh, SGPGI - Lucknow, CMC Vellore, Gujarat and Saurashtra University, Sayaji Rao University, Narmada University, Maharashtra University
- Former MCI inspector, present executive member, Gujarat Medical Council. Vice president, Indian Red Cross society, Ahmedabad

Dr. Jayaprakash Muliylil

- Subject expert for accreditation of hospitals in India for DNB program in Community Medicine and Family Medicine.
- Examiner National Board of Examinations (NBE) for DNB Family Medicine and Community Medicine
- Course Director, MSc Epidemiology, Christian Medical College, Vellore
- Investigator, including principal investigator, on Indian and internationally funded grants in leprosy, rheumatic heart disease, vaccine preventable illnesses and diarrheal disease research

**BSc, MBBS, MD,
MPH, Dr PH,
Dr Of Medicine- Denmark**

Teacher's Day Awards 2017

“Distinguished DNB Teacher of Excellence Award”

Dr. Abha Majumdar

MBBS, MS, FICS

- Elected as an “expert member of the sub-committee for National Board of examinations (NBE) fellowship course in the sub-specialty of Reproductive Medicine” Jan 2000
- Selected as teaching head for ‘Fellowship in Reproductive Medicine’ at the Center of IVF and human Reproduction at Sir Ganga Ram Hospital New Delhi by the Diplomate National Board of INDIA in 2007 and started the first fellowship program in this discipline in Northern India
- Conducted fellowship exit exam in Reproductive Medicine in 2011, 2012, 2013, 2014, 2015 and 2016 at IVF centre, Sir Ganga Ram Hospital, New Delhi
- Updated and modified the NBE curriculum for fellowship in reproductive medicine and included left out topics in 2017

Dr. Uma Krishnaswamy

- Trainer, NBE General Surgery Trainees, Apollo (Main) Hospital, Chennai since 1987
- Examiner, National Board of Examinations, Super speciality- Surgical Oncology, since 2015
- Assessor for Departments of Surgical Oncology for The National Board of Examinations, since 2014
- International Surgical Adviser, The Royal College of Surgeons of Edinburgh, United Kingdom. (First Lady to the appointment in the 500 year history of this College) 2013
- Examiner, FRCS International, General Surgery, Joint Surgical Colleges Fellowship Examinations of Great Britain & Ireland. (First Indian Lady to the appointment) 2014

MBBS, MS, FICS

Dr. Pavan Gurha

MBBS, DA, MD

- Currently at Batra Hospital as HOD Anaesthesia since 2002 with an intake of 3 primary and 3 secondary candidates having an excellent track record
- Have been a Thesis Guide for 16 candidates and a Co-guide for 15 candidates. The department has produced around 70 thesis that have been accepted
- Selected as ‘External Appraiser’ for anaesthesia by the National Board of Examinations in Jan’07. Conducted the first appraisal at Jaipur Golden Hospital on 31.01.07, second on 14.02.08

Dr. T S Srinath Kumar

9000 MAJOR NEURO SURGERIES EACH YEAR

For over 3 decades Apollo has been widely acknowledged as the leading integrated healthcare provider in Asia. Our relentless focus on clinical excellence is key to that. At Apollo, we have 12 Centres of Excellence (CoE) that are dedicated to several key specialties and super specialties. Our CoEs are unique, with state-of-the-art facilities, spread across country, and provide great depth of care, with robust quality standards, expert diagnoses, breakthrough treatment plans, and enhanced infection and safety protocols.

Little wonder then that we say that Apollo is the place to go, for hope, for courage and for life.

CLINICAL EXCELLENCE. OUR KEY TO REDEFINING HEALTHCARE.

8000 OF THE WORLD'S FINEST CLINICIANS
55 SPECIALTIES
14 NABH ACCREDITED HOSPITALS
276 PUBLISHED RESEARCH PAPERS
7 JCI ACCREDITED HOSPITALS
First to benchmark and monitor clinical outcomes in India
CLINICAL OUTCOMES THAT SURPASS THE BEST IN THE WORLD
Novalis, 640-Slice CT, Clinac 600SR, TrueBeam, Da Vinci Robotic Surgery System, Proton Therapy (coming soon), PET/MR and more

For over 3 decades, Apollo has been a beacon of hope, not just in India, but the whole of Asia. Over the years, we have touched more than 50 million lives from 121 countries, and delivered world-class healthcare at costs Indians could afford.

The greatest reason for that has been our clinical excellence. Built on five distinct and crucial keystones – experience, expertise, safety, clinical outcomes, academics & research – Apollo has emerged as the preeminent institution of healthcare in the world.

Little wonder then that we say that Apollo is the place to go, for hope, for courage and for life.
